

## INFO 371 Regrade Request for Problem Set 1

Hi Jevin, Anuj, and Christie,

I received a grade of 0 for Problem Set 1, which I submitted on April 5<sup>th</sup> at 3:18pm. While I submitted the assignment on time, I mistakenly uploaded my .html and .ipynb for Lab 1 instead of Problem Set 1. This prevented Anuj from grading my assignment and resulted in a score of 0. I would like to request a regrade for this assignment, given that it was a simple technical error, the assignment was otherwise submitted on time, and that I put a lot of time and effort into the assignment and would like to see some feedback on my work. I will be more careful with my assignment submissions from now on.

Thank you,

Ian Davies
